Homeland of the Viking kings

The second In-Service Training Course will be held at Haugaland Upper Secondary school in Haugesund, on the beautiful, yet rugged west coast of Norway.

In the middle of Fjord Norway, you find the Hauge-sund region. This is Homeland of the Viking Kings – Norway's birthplace.

Here you can find the island of Karmøy, where Avaldsnes is situated – Norway's oldest throne. For 3000 years chieftains and kings controlled Karmsundet - Nordvegen - the shipping lane that gave Norway its name. Ever since the time before the Viking Age, Avaldsnes was a place of power. This is where the Vikings ruled the strait that gave name to Norway - the way north. Around 870 King Harald Fairhair - the first king of Norway - made Avaldsnes his main royal estate.

Today, we still find Olav's church at Avaldsnes, as well as Nordvegen History Center and the Viking Farm made of reconstructed buildings from the 9th Century. These are all places of importance for the Vikings and the history of Norway, easily accessible from Haugesund.
